Recommended products...

Flavia product range, including their drinks from the "Brighter tomorrow"

Technical information...

A drinks station using filter packs to supply a wide range of filter and instant products. It's available as plumbed or un-plumbed. It's also available with optional base cabinet, and payment system. 13-amp electrical supply is required (this isn't optional).

Pause perspective rating...

The Flavia 400 creation filter packs can now be collected by Save a Cup. Recent innovation has been used to reduce power when in standby mode. All in all the Flavia 400 creation is rather splendid, so it receives an environmentally friendly pause perspective rating of 3. It really is special... so it's smiles all round.
