### Technical information...

The Compact is the smallest in the range of Kenco in-cup machines with a cup capacity of 150 so it's ideal for low usage sites of up to 15 people. Available as manual fill only, it requires a 13-amp electrical supply. This one loves tight spaces.

### Pause perspective rating...

The Kenco Compact is manufactured from recyclable materials and the only waste products are its paper cups, which can be re-cycled. All in all the Kenco Compact is doing rather well; therefore it receives a reasonably environmental pause perspective rating of 2. It really is good... so it will raise plenty of smiles.
