Espresso Bar Beans; Organic Alquiche Beans; pause Sugar Sticks; Paper Cups; Stirrers; and our lovely organic Biscuits, yum.

Technical information...

A stand alone water boiler that can be used in a front of house operation with an "ECO" button to reduce tank capacity and energy consumption. It's available as plumbed or manual fill and requires a 13-amp electrical supply. It's not full of hot air, just hot water!

Pause rating...

The Marco Eco Boiler is state of the art with a range of energy saving developments built in to produce a 40% energy saving. All in all the Marco Eco Boiler is rather splendid, so it receives an environmentally friendly pause rating of 3. It really is special... so it's smiles all round.
