Recommended products...

Cafeology Fairtrade bulk brew filter coffee

Technical information...

A double tank bulk brewer with the added facility of hot water. 15ml BSP water supply required
30 amp/3 phase electrical supply required

Pause perspective rating...

The Marco Maxibrew has a hot water facility, which maintains the temperature of the coffee. Its filters and grounds are compostable. All in all the Marco Maxibrew is doing rather well; therefore it receives a reasonably environmental pause perspective rating of 2. It really is good... so it will raise plenty of smiles.
