- Small compact design
- 2 product canisters
- 7 drink selections
- Only 27 kilos
- Alphanumeric display

Key benefits...

- Easy to fill
- Easy to clean
- Simple to use
- Illuminated display
- Ergonomic styling
- Good quality beverages
- Semi automatic drink service
- Audit facility

Recommended products...

Cafeology Fairtrade beans and soluble skimmed milk.

Technical information...

A small counter top Espresso coffee system with additional canister for powdered whitener. It's available as plumbed or unplumbed and a 13-amp electrical supply is required. If plumbed a 15ml BSP water supply is required. There's an optional payment system and base cabinet to keep lots of nice things.

Pause rating...

The N&W Koro B2C uses efficient boiler insulation, which reduces energy consumption by up to 13%, and its waste products are biodegradable. All in all the N&W Koro B2C is doing rather well; therefore it receives a reasonably environmental pause rating of 2. It really is good... so it will raise plenty of smiles.
