Technical information...

An all instant, counter top beverage system with a choice of 11 drinks. A15ml BSP water supply is required, as well as a13-amp electrical supply. A base cabinet and an optional payment system are available, so keep a jar of change handy.

Pause rating...

The Vision 400 is manufactured from recyclable materials. It uses insulated boilers to reduce electrical consumption and creates no waste products in beverage preparation. All in all the Vision 400 is rather splendid, so it receives an environmentally friendly pause rating of 3. It's super, it's smashing, it's great... it's smiles all round.
