

Oh so refreshing, it's the...

Waterlogic 2000

What's it like the Waterlogic 2000 dispenses an instant and constant supply of refreshing drinking water. This equipment could be used on offices, shops, hairdressers, salons, gyms, factories... in fact too many to be able to mention them all! So everyone can feel refreshed.

Key features...

- Constant supply of chilled water
- Preset temperature
- Large drip tray
- Overflow cut out mechanism
- LCD display for temperature
- Optional base cabinet

Key benefits...

- Easy to use
- Quality drinking water
- Drinking water always available
- No storage problems
- Water guaranteed to be within EU guidelines
- Guaranteed purity of water
- Guaranteed free from harmful bacteria
- Can be sited up to 30m from water supply

Recommended products...

Some of our clear plastic cups that can be recycled!

Technical information...

A mains fed, chilled water dispenser available with or without base cabinet. A 15ml BSP water supply and 13-amp electrical supply is required... for chilled perfection.

Pause rating...

The Waterlogic 2000 reduces environmental impact by not transporting water bottles and is manufactured from recyclable materials. Waterlogic 2000 is rather splendid, so it receives an environmentally friendly pause rating of 3. It really is special... so it's smiles all round.
